ARTICLE I

RECOGNITION

Section 101. Bargaining Unit: Pursuant to the certification issued by the National Labor Relations Board in NLRB Case #21-RC-20665, Children's Hospital and Health Center (CHHC) recognizes United Nurses of Children's Hospitals (UNOCH) as the sole and exclusive collective bargaining representative of all the Employees in the Technical Bargaining Unit, comprised of the following job classifications: All full-time, regular part-time and per diem technical employees, including anesthesia technicians I and II, cardiovascular technicians I and II, certified occupational therapy assistants/physical therapy assistants, CT/Radiologic technologists, diet technicians, EEG technicians, EKG technologists, emergency care technicians, histology/electron microscopy technicians, histologic technologists, licensed vocational nurses, medical laboratory assistants I and II, medical laboratory technicians I, nuclear medical technologists, occupational health licensed vocational nurses, oral hygiene specialist, orthopedic technologists, certified orthoptists technicians, patient liaison assigned to surgery, inpatient level I and II pharmacy technicians, retail pharmacy technicians, pulmonary specialist, radiologic technologists, registered dental assistants, respiratory care practitioners/pulmonary specialists, respiratory therapists, surgical technicians I and II and ultrasonographers employed by CHHC at its facilities located in San Diego County, California.

Section 102. Exclusions: Excluded from the aforesaid bargaining unit are all other employees, registered nurses, physicians, professional employees, analysts, behavioral treatment technicians, business analysts, clinical assistants II, clinical research coordinators, clinical innovation analysts, coders, communications coordinators, communications technicians, communications specialists, contract specialists, decision support analysts, equipment specialists, health record analysts, certified lactation consultants, lead social workers, media relations and technology specialists, neonatal outreach coordinators, patient relations representatives, pediatric outreach coordinators, physical therapy/occupational therapy assistants, QMRP assistants, recreation therapists, foundation specialists, support services coordinators, system administrators, developmental services clinical disciplines team leaders, developmental services regional sites team leaders, training and development specialists, lead ultrasonographer, office clerical employees, confidential employees, guards and supervisors as defined in the National Labor Relations Act, as amended.

ARTICLE II

UNOCH MEMBERSHIP

Section 201. UNOCH Security and Dues/Fees Options: It shall be a condition of employment that each bargaining unit employee, within thirty (30) days after the beginning date of employment or within thirty (30) days after the effective date of this Agreement, whichever is later, either (a) become and remain a member of UNOCH and comply with the financial obligations required for membership or (b) pay a service fee to UNOCH for administration of this Agreement in an amount which conforms to applicable law and in no event exceeds the amount of dues uniformly required for membership or (c) in the event the bargaining unit employee is a member of an actual religious body or sect which has historically held conscientious objection to joining or financially supporting a union, pay an amount equal to

UNOCH dues to a charitable fund of the employee's choice exempt from taxation under Section 501(c)(3) of the Internal Revenue Code. An employee who chooses to make payments to a charitable fund may be required to verify to UNOCH that such payments have been made.

Section 202. Enforcement: UNOCH and not CHHC shall be responsible for enforcing the requirement that employees fulfill their dues or UNOCH fee obligations. Among UNOCH's enforcement options is the filing of a civil suit against the delinquent employee. However, it is understood that UNOCH will make all reasonable efforts to correct the situation before the commencement of litigation. CHHC shall not be required to discharge or otherwise discipline employees who fail or refuse to meet their financial obligations under this Article.

Section 203. Check-Off: Employees may voluntarily choose to remit dues or fees to UNOCH through payroll deduction check-off method by delivering to CHHC an executed written authorization which conforms with all legal requirements; provided that said monies shall be deducted only after all deductions required by law or otherwise authorized by the employee have previously been deducted. CHHC shall remit collected dues and fees to UNOCH no later than twenty (20) days following the date on which the deductions have been made.

ARTICLE III **UNOCH REPRESENTATION**

Section 301. Representation at Investigatory Interview: When the Employer conducts an investigatory interview which the interviewed employee reasonably believes may result in his or her discipline, such employee may request to have a UNOCH representative present. Such right to a UNOCH representative does not apply to disciplinary meetings that occur after completion of the investigation or to meetings to discuss performance evaluations. Hospital supervision shall notify the employee at the time of scheduling the interview that it will be investigatory in nature and that the employee is entitled to make arrangements to have a UNOCH representative present. If the investigatory interview is scheduled to take place during scheduled working time of the UNOCH representative, the employee's right to be represented shall include release of the UNOCH representative in order to attend the interview, with pay for a reasonable period of time up to a maximum of one (1) hour. The one (1) hour period can be extended upon mutual agreement. If the investigatory interview is scheduled during a time period when no representative can be available because of patient care or other business requirements, the interview will be rescheduled. Such investigatory interview shall not be delayed by an employee's request for a specific UNOCH representative, so long as another UNOCH representative is available.

Section 302. Paid Time for UNOCH Officers: The parties recognize the legitimate needs of UNOCH to communicate with members of the Bargaining Unit and Management regarding issues of concern to the Bargaining Unit. Accordingly, CHHC shall authorize a reasonable amount of paid time (including benefits accrual if applicable) to UNOCH officers or their designees to conduct specified UNOCH-related business with management representatives. UNOCH shall designate appropriate officers to conduct such business. Paid time under this Section 302 must be authorized in advance by CHHC, shall be scheduled in advance if at all possible, and shall not interfere with the efficient delivery of patient care or other clinical needs. By way of example but not limitation, paid time may be authorized for attendance at meetings

with management regarding ad hoc issues which may occur during the term of this Agreement (i.e. critical staffing shortages, conflict/complaint resolution), meetings for the purposes of discussions required by specific provisions of the Agreement, participation in task forces created in conjunction with management to address specific areas of concern, legislative advocacy conducted in conjunction with and approved by management, meetings to facilitate the administrative provisions of this Agreement, participation in recruitment efforts, etc. By way of example, but not limitation, paid time shall not be authorized for internal UNOCH business or contract negotiations. Additionally, paid time shall typically not be authorized for grievance administration under Article VI of this Agreement, subject to those circumstances in which the parties mutually agree otherwise and/or pursuant to Section 304 below.

Section 303. Authorized Time Off for Union Business: All parties also recognize the legitimate needs of CHHC and patients to have an employee's working time devoted to delivery of patient care. Accordingly, CHHC may also permit an Bargaining Unit employee who is a UNOCH representative or officer to be relieved from duty, consistent with the efficient delivery of patient care and other clinical needs, in order to conduct Union business. Time off under this Section 303 must be authorized in advance and shall be without pay (or benefits accrual if applicable). Except as specifically provided in this Article III, employee Union representatives and officers shall not conduct Union business during their working time or the working time of the employee(s) with whom they are discussing Union business.

Section 304. Paid Time for Certified Representatives: CHHC shall provide conflict resolution training to a minimum of three (3) UNOCH-designated representatives (who may also be UNOCH officers), with pay (including benefits accrual if applicable). All UNOCH representatives who successfully complete the training program shall be recognized as a "certified UNOCH representative". CHHC shall provide ten (10) hours of paid time (including benefits accrual if applicable) per month for use by certified UNOCH representatives relating to grievance administration under Section 603 and/or Section 604 of this Agreement. The maximum amount of paid time (including benefits accrual if applicable) which CHHC shall be obligated to provide under this Section 304 shall be ten (10) hours per month, which can be divided among certified representatives as deemed appropriate by UNOCH. Additional paid time (and benefits accrual if applicable) may be provided to certified UNOCH representatives if authorized by CHHC pursuant to Section 302 above.

Section 305. Solicitation/Distribution: No Bargaining Unit employee shall solicit or promote support for any cause or organization during his/her working time or during the working time of the employee or employees at whom such activity is directed. The wearing of UNOCH apparel, buttons, and/or insignia shall not constitute solicitation/distribution. Bargaining Unit employees may only distribute or circulate written or printed material and/or goods in employee lounges and mailboxes.

Section 306. Bulletin Boards: Employer bulletin boards are reserved for the exclusive use of CHHC, provided that CHHC shall provide UNOCH with access to designated bulletin boards/bulletin board space in employee lounges that are unobstructed and in plain view for the exclusive use of UNOCH. All material to be posted by UNOCH will indicate it was issued by UNOCH, and UNOCH will be solely responsible for material placed on its designated bulletin

board/space. Such material shall be either on Union stationery or clearly identified as approved Union issuances. CHHC shall have the right to remove any communications posted on any bulletin boards which do not conform with this Section 306.

Section 307. Information: CHHC shall provide UNOCH with a list containing the name, address, classification and telephone number of all Bargaining Unit employees on a monthly basis. UNOCH shall also be entitled upon written request to review information, which CHHC maintains and which is relevant to administration of this Agreement, subject to patient confidentiality and/or other privacy considerations. UNOCH shall be permitted to review personnel files of Bargaining Unit employees upon presentation to CHHC of a written waiver signed by the employee authorizing release of personnel information to UNOCH. If UNOCH is unable to secure a waiver despite its best efforts to do so, an officer of UNOCH, in conjunction with a grievance, shall be granted access to a limited review of personnel files of Bargaining Unit employees for the discrete purpose of that grievance.

Section 308. New Hires. UNOCH shall provide to all new hires into a Bargaining Unit position written information from UNOCH. The information provided shall include but is not limited to a copy of this Agreement and the telephone number and address of UNOCH's office.

ARTICLE IV

PER DIEMS

Section 401. Definition: The purpose of per diem employees is to augment or to provide CHHC with substitute staffing on a pre-scheduled or day-to-day basis. Per diem employees shall be department based. Per diems employees are expected to maintain core competencies. The use of per diem staff and/or opening of per diem positions will be at the discretion of the department leadership based on department staffing needs and objectives.

Committed per diem employees are per diem employees with additional shift commitments. The commitments are defined by the department, based on department specific needs.

Section 402. Orientation: Per diem employees who are direct care providers will be oriented with each patient population to whom they will be assigned. When competency assessment documentation is complete, the per diem employee is expected to function within his/her realm of competence and perform all appropriate duties as assigned.

Section 403. On-going Training/Meetings: Per diem employees will be expected to attend all mandatory meetings. Per diem employees may also be required to attend department staff meetings.

Section 404. Availability: Minimum requirements to maintain per diem status for department based per diems include:

- (1) Available for a minimum of four (4) shifts per four (4) week schedule.
- (2) Requirements for weekend shift availability will not exceed two (2) weekends per four (4) week schedule unless a weekend only agreement has been entered into. Weekend schedule will be based on department needs and per diem agreement.

- (3) Maintain availability for all shifts and departments as needed.
- (4) Per diem employees will submit their availability of shifts to the department leadership within the designated time period.
- (5) Submit availability for one (1) major holiday shift per year (Thanksgiving, Christmas and New Year's).
- (6) Submit availability for one (1) minor holiday shift per year (Fourth of July, Memorial Day, Labor Day, President's Day, and Martin Luther King Day).

Section 405. Confirmation of Shifts: Per diem employees are required to submit availability in advance, according to posted planning schedules. Once confirmed, per diem employees are expected to report for scheduled shifts. If not confirmed, per diem employees are expected to remain available up to two (2) hours before the start of the available shift.

Section 406. Cancellation: Per diem employees may be canceled up to ninety (90) minutes prior to the start of the shift.

Section 407. Unscheduled Absences: Per diem employees are required to provide advance notice for any unscheduled absence at least two (2) hours prior to start of all confirmed or available shifts.

Section 408. Scheduled Time Off: Per diem employees are required to submit a "request for time off" form if the time will prevent the employee from meeting the applicable availability requirements described in section 404.

Section 409. Performance Appraisals: All per diem employees will receive an annual performance appraisal based on their job descriptions.

ARTICLE V **DISCIPLINE**

Section 501. Basis for Discipline: CHHC shall not discipline Bargaining Unit employees without just cause. Examples of just cause for discipline include, but are not limited to: misconduct; unsatisfactory attendance; failure to follow instructions; improper record keeping and harassment.

Section 502. Progressive Discipline: It is the intent of CHHC to utilize progressive discipline as appropriate to the offense and employee record. However, all parties to this Agreement recognize that progressive discipline need not be followed and shall not be required where the employee in the Bargaining Unit has engaged in gross misconduct. Examples of gross misconduct include, but are not limited to: functioning outside the scope of one's license, certification or registration; falsifying documentation relating to licensing, certification or registration; theft; gross insubordination; misrepresenting essential elements of patient documentation; creating an immediate threat to patient or staff safety by impeding an investigation; creating an immediate threat to patient safety by knowingly or intentionally violating policy; patient abuse; and engaging in illegal acts while at work and/or on hospital premises. It shall not be gross misconduct for an employee in the Bargaining Unit to obey a legal verbal order of a physician if the physician fails to timely reduce the verbal order to

writing.

Section 503. Notice: A Bargaining Unit employee who is involuntarily discharged will be given written notification, at the time of such discharge, of the employee's right to file a grievance.

ARTICLE VI **GRIEVANCE & ARBITRATION PROCEDURE**

Section 601. Purpose and Intent: The purpose of these procedures is to provide the parties with an orderly means of resolving differences that may arise between them. The parties intend that these procedures shall be in lieu of any other formal procedure established by CHHC for resolution of employee grievances, subject to the provisions of Section 608 below, and shall be the exclusive means for resolution of UNOCH grievances against CHHC. It is the intent that every reasonable effort will be made between the parties to resolve differences at the earliest possible step.

Section 602. Definition: Any complaint or dispute arising between an employee in the Bargaining Unit and/or UNOCH and CHHC concerning conduct by CHHC alleged to be in violation of an express provision of this Agreement shall be resolved by the filing of a grievance in accordance with this Article. Only employees who have been employed in the Bargaining Unit for at least ninety (90) days shall have the right to grieve whether or not a discharge was for just cause. The ninety (90) day period may be extended for an additional ninety (90) days upon written notification from CHHC to UNOCH and the employee prior to the expiration of the initial ninety (90) day period.

Section 603. Informal Resolution: All grievances except those involving discharge must be raised informally within ten (10) calendar days after the date the grieving party knew or should have known of the events giving rise to the grievance. The informal grievance may be raised by oral notification of the grievance to the grieving party's immediate supervisor or to the Director responsible for the Department in question. The individual to whom the informal grievance is presented shall provide an oral response within ten (10) calendar days of receipt of notification of the grievance. If the grievance is not settled by the response or if there is no response, and the grieving party wishes to pursue the matter further, a written grievance must be filed with the Human Resources department in accordance with Section 604 below.

Section 604. Formal Procedures: All written grievances except those involving discharge must be filed with the Human Resources Department within thirty (30) calendar days after the date the grieving party knew or should have known of the events giving rise to the grievance. All written grievances involving discharge must be filed with the Human Resources Department within ten (10) calendar days after the date of discharge. The written grievance shall include a statement of the facts or events giving rise to the grievance; the date upon which the event occurred; the provisions of the Agreement alleged to have been violated; and the remedy requested. If the written grievance is not filed or appealed within the specified time limits or in accordance with the procedural requirements set forth herein, the grievance shall be deemed to have been resolved and shall not be subject to any further proceedings. The time limits set forth

in this Article may be extended or waived only by mutual agreement of the parties. Such extension or waiver must be confirmed in writing within the specified time limits.

STEP A:

Within ten (10) calendar days after the grievance is filed in writing by the aggrieved party with the Human Resources Department, UNOCH and CHHC shall meet and attempt to settle it. For the purpose of this Step A, CHHC's representative shall be the appropriate level of management above the grieving party's immediate supervisor. The non-grieving party shall respond in writing to the grievance within ten (10) calendar days of the Step A meeting. If the non-grieving party fails to respond in writing within ten (10) calendar days of the Step A meeting, the grievance shall be deemed to have been denied.

STEP B:

If the grievance is not settled in Step A, UNOCH may make a written appeal of the unresolved grievance ("Step B appeal") to the appropriate higher level of management by filing a Step B appeal with the Human Resources department. The Step B appeal must be filed not later than ten (10) calendar days after receipt of the non-grieving party's Step A response, or expiration of the response period if no response is timely made, whichever is sooner. Within ten (10) calendar days after the Step B appeal is filed in writing by the aggrieved party with the other party, the non-grieving party shall respond in writing to the appeal. If the non-grieving party fails to respond in writing within ten (10) calendar days of receipt of the Step B appeal, the appeal shall be deemed to have been denied.

Section 605. Mediation (OPTIONAL): If the grievance is not satisfactorily settled at Step B, CHHC or UNOCH may, within ten (10) calendar days of the receipt of the written response to the Step B appeal, or expiration of the response period if no response is timely made, whichever is sooner, refer the grievance to non-binding mediation before the Federal or State Mediation and Conciliation Service by notifying the other party in writing of its intention to submit the grievance to mediation. Mediation is not required in order to refer a grievance to arbitration; provided that if the grievance is not referred to mediation within the time limits provided above, or if arbitration pursuant to Section 606 is not requested within ten (10) calendar days of the receipt of the written response to the Step B appeal, or expiration of the response period if no response is timely made, whichever is sooner, the grievance shall be deemed to have been resolved and shall not be subject to any further proceedings. The mediation shall be conducted as expeditiously as possible. The Mediator shall be given copies of this Agreement, the grievance, written step responses and appeals, and shall also be provided with a brief statement of the parties' positions. The parties shall also have the right to present evidence relevant to the grievance and the parties' positions. The Mediator shall have authority only to mediate between the parties to seek a mutually agreeable resolution. At the request of the parties the Mediator may also be asked to issue an advisory opinion or other non-binding recommendation to the parties. All proceedings relating to the mediation shall be considered to be settlement discussions and shall not be admissible in any arbitration or other proceeding.

Section 606. Arbitration: If a grievance, which has been timely referred to mediation under Section 605 above, is not satisfactorily settled as the result of mediation, UNOCH may, within ten (10) calendar days of the mediation, refer the grievance to arbitration by notifying the

Human Resources department of its intention to submit the grievance to arbitration. If arbitration pursuant to Section 606 is not requested within the applicable time periods indicated above, the grievance shall be deemed to have been resolved and shall not be subject to any further proceedings. CHHC and UNOCH shall, within ten (10) working days of such notification, choose a mutually acceptable impartial arbitrator. If the parties are unable to agree to an arbitrator, they shall request either the American Arbitration Association (AAA) or the Federal Mediation and Conciliation Service (FMCS) to provide them with a list of seven (7) arbitrators who reside or have an office in Southern California, with a preference for arbitrators who are also experienced in issues involving the health care industry. Either party shall have the option of requesting a second list before the commencement of the selection process, but such option must be exercised by (1) mailing a new request to the AAA or FMCS whichever is applicable, and (2) notifying the other party in writing, both within fifteen (15) calendar days of the date shown on the first list. If either party refuses to participate in the selection or arbitration process, selection of the arbitrator and the arbitration shall be pursuant to the AAA's Voluntary Labor Arbitration Rules, except as such Rules are modified by the provisions of this Agreement.

Section 607. Arbitrator's Authority and Decision: The Arbitrator shall have jurisdiction and authority only to interpret, apply or determine compliance with the express language of this Agreement and the agreed upon issue(s) submitted to him/her. The Arbitrator shall not have the power to add to, subtract from, or modify in any way the express language of this Agreement. The Arbitrator shall have no authority to and shall not add to or modify in any way CHHC's responsibilities or duties under this Agreement, nor may the Arbitrator impose upon CHHC an obligation, responsibility or duty which is not expressly required of CHHC by an express provision of this Agreement. The Arbitrator shall have no authority to review management's exercise of its discretion in selecting the level of discipline imposed by CHHC in a case not involving termination, suspension without pay, demotion or disciplinary transfer; the only issue before the Arbitrator in a discipline case not involving a termination, suspension without pay, demotion or disciplinary transfer shall be whether there was just cause for discipline. Similarly, the Arbitrator shall have no authority to review management's exercise of its discretion in selecting the level of discipline imposed by CHHC in a termination case involving gross misconduct; the only issue before the Arbitrator in a termination case involving gross misconduct shall be whether the employee engaged in gross misconduct. If the Arbitrator finds gross misconduct, the termination decision shall be affirmed. If the Arbitrator finds that the grievant did not engage in gross misconduct but that CHHC did have just cause to discipline the employee, the Arbitrator may sustain the discharge or otherwise determine the appropriate remedy. In a case involving suspension without pay, demotion or disciplinary transfer, the Arbitrator shall have the authority to determine whether CHHC had just cause to discipline the employee and, if so, what the appropriate remedy should be. The Arbitrator shall have no authority to award damages other than backpay and benefits (make whole remedy) required by the Agreement, as reduced by all interim earnings and benefits received by the grievant. Any decision within the jurisdiction of the Arbitrator shall be final and binding on all concerned. The expenses and salary incident of services of the Arbitrator shall be shared equally by CHHC and UNOCH.

Section 608. Non-Arbitrability: No grievance shall be submitted to arbitration under Section 606 unless the time limits set forth in this Article have been strictly complied with unless waived or extended by both parties in a signed writing. Any grievance submitted after the time limits have expired shall be deemed forfeited and waived by the aggrieved party.

Section 609. Employee Arbitrations: It is recognized that all employees recently hired by CHHC have entered into written agreements whereby both the employee and CHHC agree to arbitrate disputes relating to illegal discrimination and complaints for violation of federal, state and other governmental law, statute, regulation or ordinance ("Individual Arbitration Agreement"). It is further recognized that all employees hired on or after the effective date of this Agreement shall also become party to Individual Arbitration Agreements which will provide the same procedures, rights and remedies as presently set forth in CHHC's written Policy #708 – Arbitration of Employment Disputes for the arbitration of disputes relating to illegal discrimination and complaints for violation of federal, state and other governmental law, statute, regulation or ordinance. Policy #708 is available to all employees, including all bargaining unit employees, through the Meditech OA Library and/or CHHC Intranet. Nothing in this Agreement shall in any way affect the enforceability of the provisions of Individual Arbitration Agreements concerning the arbitrability of disputes relating to illegal discrimination and complaints for violation of federal, state and other governmental law, statute, regulation or ordinance. In the event that a Bargaining Unit employee not currently party to an Individual Arbitration Agreement wishes to arbitrate disputes relating to illegal discrimination or complaints for violation of federal, state and other governmental law, statute, regulation, or ordinance, the employee may enter into an Individual Arbitration Agreement in order to do so. Any arbitration decision or other resolution of an employee's grievance for illegal discrimination or violation of federal, state and other governmental law, statute, regulation or ordinance pursuant to the employee's Individual Arbitration Agreement shall be without precedent under this Agreement and cannot be offered into evidence or otherwise relied on in any arbitration involving UNOCH or any other Bargaining Unit employee which occurs pursuant to the provisions of this Article. Neither UNOCH nor any Bargaining Unit employee who has not entered into an Individual Arbitration Agreement may pursue a grievance or seek arbitration under this Article based on any claim for illegal discrimination or violation of federal, state and other governmental law, statute, regulation or ordinance.

ARTICLE VII

SENIORITY

Section 701. Definition: Seniority is defined as the length of time an employee has been continuously employed by CHHC in a classification now within the Technical Bargaining Unit. Seniority shall be maintained during an authorized leave of absence without pay of up to two (2) years, or for the period of maternity leave or family leave, provided the employee returns to work immediately following the expiration of such leave of absence. Per diem employees shall accrue one (1) month of seniority for every one hundred twenty (120) hours worked. Seniority as defined in this Article shall be relevant for purposes of Lay-Offs, Lateral Transfers and Vacation, Shifts, Scheduling and Holidays, but not for benefits.

Section 702. Loss of Seniority: An employee shall lose seniority for any of the following reasons:

- Voluntary termination;
- Discharge;
- Failure to return to work immediately following the expiration of an authorized leave of absence of less than two (2) years;
- Failure to return to work within two (2) years of the commencement of a leave of absence without pay.

Section 703. Lay-Offs: Employees who occupy a position which is to be eliminated shall, in order of seniority and subject to having the ability and qualifications, be offered a vacant position. CHHC will assist employees whose positions are being eliminated to find vacant positions. Factors which may be considered by CHHC in determining ability and qualifications include: past performance, education, relevant certifications and recent relevant experience.

Section 704. Lateral Transfers: In the case of a lateral transfer within the Bargaining Unit, the employee shall retain all of his/her seniority as defined in this Article VII.

Section 705. Vacation, Shift, Scheduling and Holidays: Choice of vacation, shifts, scheduling and holidays worked shall be determined in accordance with past practice within the individual departments, as long as seniority and rotation are recognized as the criteria, subject to staffing as required to ensure appropriate staff mix in terms of skill.

Every employee shall be guaranteed at least one major holiday off per year. Choice of major holiday off will be determined on a rotating basis and then by seniority. For example, no employee shall be required to work both Thanksgiving Day and Christmas Eve through Christmas Day two years in a row, provided that adequate staff is available. For purposes of this Section, a major holiday shall be defined as one of the following three time periods: (1) Thanksgiving Day; (2) Christmas Eve through and including Christmas Day; and (3) New Year's Eve through and including New Year's Day. No employee with twenty-five (25) or more years of seniority shall be required to work any major holiday, provided that adequate staff is available and further provided that the exercise of this right does not deprive another employee of a guaranteed major holiday off. Employees with twenty (20) or more years of seniority may be exempt from working these and other major holidays, as defined by Individual Nursing Unit past practice. Nothing in this Section shall be construed to require CHHC to hire additional staff, utilize agency staff or otherwise expend additional funds in order to provide a major holiday off.

Section 706. Weekends: Employees will not be required to work more than two (2) weekends per four (4) week schedule.

ARTICLE VIII **FLOATING**

Section 801. Policy: In accordance with applicable legal requirements and in order to ensure the safest possible care for patients and their families, no employee in the Technical Bargaining Unit shall be assigned to float to a unit or clinical area without first receiving orientation in that unit or clinical area sufficient to provide competent care. Except in emergent

situations where patient care otherwise would be jeopardized no employee in the Technical Bargaining Unit shall be floated to work in a job classification that is not the same classification as their current position nor reflective of their training, education or licensure. For example, RT's would not be assigned as sitters or CNA's. Employees may choose to, but will not be required to, work in these positions. Emergent situations are not routine situations that occur weekly or monthly due to inadequate staffing. Non-Bargaining Unit assignments made under emergent situations will be tracked and reported to the Labor-Management Committee.

Section 802. Competencies: Each unit and/or department will create a competency requirement that will be met by those technical employees who float into the unit. In addition, an automated system will be set up for access by the charge staff and house supervisors which identifies staff floating competencies. The automated system will include all technical employees who work at CHHC, including but not limited to per diems, travelers, registry and "casual" technical employees.

Section 803. Floating Procedures: The procedures contained in Administrative Guideline A-01 – Nursing Staff Floating and Float Options and Regions shall be applied to Licensed Vocational Nurses as well as Registered Nurses. The Labor Management Committee will review and potentially modify or adopt for implementation a system of floating for Respiratory Therapists developed and submitted by UNOCH. If approved, the system of floating will be in effect for the term of this Agreement, and cannot be changed absent written mutual consent of both UNOCH and CHHC.

ARTICLE IX

ECONOMIC ACTION

Section 901. Economic Action: During the term of this Agreement, neither UNOCH, CHHC, or any Bargaining Unit employee shall either jointly or severally authorize, permit, cause, engage in, sanction, or assist in any work stoppage, boycott, strike, lockout or other form of economic action, nor shall any Bargaining Unit employee engage in, sanction, assist, or otherwise observe a picket line, legal or illegal, established on or around the premises of CHHC, nor otherwise engage in a sympathy strike. Any Bargaining Unit employee who violates this section shall be subject to discipline, including by termination, pursuant to Article V of this Agreement.

Section 902. Employer Action: CHHC may apply for an appropriate temporary restraining order and/or injunctive relief in addition to any other relief to which it may be entitled for a violation of Section 901 of this Agreement, notwithstanding any other provision of this Agreement. By seeking relief under this Section 902, CHHC is not precluded from taking disciplinary action pursuant to Section 901 against any Bargaining Unit employee who violates said Section.

Section 903. Union Action: In the event of a breach of Section 901, UNOCH, its officers and representatives shall do everything within their power to end or avert such activity.

ARTICLE X

RIGHTS OF MANAGEMENT

Section 1001. Management Rights: CHHC retains all rights, powers and authority that are not specifically abridged by an express provision of this Agreement. Without limiting the generality of the foregoing, examples of the rights, powers and authority retained exclusively by CHHC, and which may be exercised in its sole discretion unless abridged by an express provision of this Agreement, include but are not limited to the following: to manage, direct and maintain the efficiency of its business and personnel; to determine the means and manner by which patient care is to be delivered to patients; to direct the work force; to increase or decrease the work force and/or determine the number of Bargaining Unit employees and other employees hired or to be retained and how they are to be assigned; to hire, transfer, promote, demote, suspend, discharge, and to lay-off employees; to determine staff and establish work standards, floating standards and requirements, schedules of operation and work load; and to specify or assign work requirements, overtime, or on-call responsibilities. The listing of management rights set forth in the preceding sentence is meant by way of explanation, not limitation. To the extent that any function of management is not expressly limited by this Agreement, such function may be exercised unilaterally. CHHC shall not be required to bargain with UNOCH concerning its exercise of its management rights or the effect of its exercise of those rights on the Bargaining Unit. Nothing in this Article X shall restrict UNOCH or Bargaining Unit employees from filing grievances concerning the application or interpretation of this Agreement nor consulting with CHHC about the possible consequences of management decisions that may affect Bargaining Unit employees.

ARTICLE XI

WAGES

Section 1101. Wage Scales:

- a. Effective the first full pay period following ratification or the first full pay period following July 1, 2004, whichever is later, the wage ranges applicable to employees covered by this Agreement shall be as set forth in wage Schedule "A-1", which is attached hereto. At such time, eligible employees shall have their base hourly wage rates increased by four percent (4%), except that in no event shall an employee's base hourly wage rate exceed the maximum rate for the applicable range. An employee's "base hourly wage rate" is the employee's normal hourly rate exclusive of any bonus, differential, incentive, premium, on-call pay.
- b. Effective October 3, 2004, the wage ranges applicable to employees covered by this Agreement shall be as set forth in Schedule "A-2", which is attached hereto. At such time, a bargaining unit employee working twelve hour shifts will have his or her base hourly wage rate increased by a factor of 1.167 and a bargaining unit employee working ten hour shifts will have his or her base hourly wage rate increased by a factor of 1.10.
- c. Effective the first full pay period in January 2005, July 2005, January 2006, and July 2006 the wage ranges shall be increased as set forth in Schedules "A-3", "A-4", "A-5", "A-6", respectively. On such dates eligible bargaining unit employees shall have their base hourly wage rates increased by the percentage increase associated with the

- applicable range adjustment, except that in no event shall an employee's base hourly wage rate exceed the maximum rate for the applicable range.
- d. To be eligible for any such increase (except that which is associated with the October 3, 2004 adjustment), an employee must have received an overall rating of "proficient" or better on his or her most recent performance evaluation and must not be on a performance improvement plan.
 - e. CHHC reserves the right, in its sole discretion, to award lump sum bonuses to individual employees for exceptional performance.

Section 1102. Clinical Ladder System: Recommended changes to the Respiratory Therapist clinical ladder are to be submitted to the Labor-Management Committee for consideration.

Section 1103. Overtime: Until October 3, 2004, employees in the bargaining unit shall receive overtime compensation in accordance with CHHC policies that were in effect immediately prior to the effective date of this Agreement. Commencing October 3, 2004, employees shall be compensated for work performed in excess of their regularly scheduled shift per workday (8, 10 or 12) or in excess of forty (40) hours per work week at the rate of one and one-half (1.5) times the employee's regular hourly rate of pay. Except for rest periods, only hours actually worked shall be considered for purposes of computing overtime. There shall be no pyramiding, duplication or compounding of overtime payments for the same hours worked. Employees shall not be required to work overtime except in the event of a local or national disaster or if interruption of patient care already in process (e.g. surgery) would jeopardize patient safety.

Section 1104. Standby and Call-Back Pay: Employees who are on uncontrolled standby (i.e., unrestricted in their activities but must be accessible to return to work upon request) shall be paid for each hour as set forth in Schedule "A-7". Employees on approved controlled standby (i.e., must remain on Hospital premises) shall be paid for each hour on such status at the rate of \$11.00. Hours on standby shall not be considered hours worked for any purposes. All call-back hours shall begin upon arrival at the work site and shall be paid at time and one-half the employee's regular hourly rate of pay. The evening and/or night shift differential specified in Section 1105 below shall be added to the employee's regular hourly rate of pay for all call-back hours worked during the evening shift and/or night shift as defined in Section 1105 below. Employees who are called in to work shall be guaranteed a minimum of either two hours of work or pay as if two hours had been worked.

Section 1105. Shift Differential: Hourly evening and night shift differentials will be paid at the rates set forth in Schedule "A-7". An evening shift differential will be paid for the entire eight or ten hour shift where four or more hours are worked after 5:00 pm and before 12:00 midnight. A night shift differential will be paid for the entire eight or ten hour shift where four or more hours are worked after 12:00 midnight and before 7:00 a.m.. Employees who work approved twelve hour shifts will receive night shift differential for all hours worked between 7:00 p.m. and 7:30 a.m.. Overtime hours may be eligible for the applicable evening or night shift differential if at least four or more overtime hours are worked between the 5:00 p.m. and midnight or midnight to 7:00 a.m. time periods. In this case, the qualifying differential will apply

only to the overtime hours and not to the preceding or following shift. Shift differential is not paid for non-worked hours, which may be paid, such as holiday or paid leave.

Section 1106. Holiday Premium: Employees will be paid a premium rate of time and one-half their base hourly rate for scheduled hours worked on New Year’s Day (5:00 p.m. December 31 to 11:59 p.m. January 1) Martin Luther King, Jr. Day, President’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day (5:00 p.m. December 24 to 11:59 p.m. December 25) if the following conditions exist:

1. The employee is required to work by the supervisor of department manager and
2. At least four hours worked fall within the identified holiday. New Year’s Day shall be defined as running from 5:00 p.m. December 31 to 11:59 p.m. January 1, and Christmas Day shall be defined as running from 5:00 p.m. December 24 to 11:59 p.m. December 25.

Employees who are in a department or program that is not required to work a designated holiday will not receive the premium rate even though they may be permitted, at their own request, to work the holiday.

Section 1107. Charge Differential: A Respiratory Therapist assigned to work, as charge for a shift shall be paid a charge differential of \$2.50 per hour for each hour worked in such capacity during the shift.

Section 1108. ALS Premium: The differentials for Pediatric ICU ALS and Neonatal ICU ALS will be \$2.50 per hour during shifts on which a Respiratory Therapist is assigned to ALS/CHET or ALS/CHET back up.

Section 1109. Per Diem Compensation: All per diem employees will be paid on the same salary range as core staff. Department based committed per diem employees will receive an additional 15% above their base rate as long as they maintain their commitment, and shall also be eligible to be considered for lump sum bonuses under Section 1101 (e) above.

Section 1110. Weekend Differential: For designated employees in accordance with Schedule “A-7”, weekend differential shall be paid for all hours worked on shifts that commence on or after 7:00 p.m. on Friday and before 7:00 p.m. on Sunday.

Section 1111. Longevity Bonus: Effective January 1, 2005, eligible Bargaining Unit employees shall receive an annual longevity bonus based on continued service with CHHC, in accordance with the following schedule:

<u>Years of Service</u>	<u>Bonus Amount</u>
20 through 24	\$ 750
25 or more	\$1250

Payment of such bonus shall occur on the payday for the first full payroll period following the employee’s anniversary date. To be eligible, an employee must have worked at least 1000 hours

in the twelve (12) month period immediately preceding the employee's anniversary date and must remain actively employed at CHHC as of the date of payment. There shall be no pro-ration of bonuses for employees who terminate prior to the date of the payment. Employees eligible for such bonus shall have the option to designate all or a portion of the bonus as a distribution directly to the employee's retirement savings plan account referenced in Section 1802 of this Agreement, provided that such distribution would not cause the employee's contribution to such account to exceed the annual maximum allowed by law and the employee meets the other eligibility requirements for retirement savings plan participation. Any portion of the bonus, which is not so designated, shall be received by the employee in a payroll check, subject to applicable payroll deductions. Eligible employees will receive a form to be used for electing a bonus distribution option. The payment of a longevity bonus shall not affect the employee's base hourly wage rate.

ARTICLE XII **LEAVES OF ABSENCE**

Section 1201. Family Leaves of Absence: CHHC will comply with the provisions of the California Family Rights Act, as amended, and with the provisions of the Federal Family and Medical Leave Act of 1993, as amended.

ARTICLE XIII **INSURANCE BENEFITS**

Section 1301. Continuation of Plans: Except as hereinafter provided, CHHC shall maintain, during the term of this Agreement, the health, dental, vision, long-term disability and life insurance plans that were in effect on the effective date of this Agreement, or substantially equivalent plans. If, during the term of this Agreement, employees of CHHC who are not subject to a collective bargaining agreement receive a change in the eligibility criteria, benefits, deductibles or co-payments provided under any of such plans, CHHC may implement the same change for bargaining unit employees. CHHC shall give UNOCH thirty (30) calendar days prior written notice before implementing such change. If, during the term of this Agreement, CHHC negotiates a collective bargaining agreement that covers another bargaining unit and that agreement contains health, dental, vision, long-term disability and life insurance benefits that are superior to those benefits available to the employees of the Technical Bargaining Unit, CHHC agrees to provide those same superior benefits to the Technical Bargaining Unit.

Section 1302. Change of Carriers: CHHC shall have sole discretion with respect to the selection of carriers or administrators for the plans referred to Section 1301 above; provided, however, that CHHC shall give UNOCH thirty (30) calendar days prior written notice before it changes such carriers or administrators or becomes self-insured.

Section 1303. Employee Contributions: Except as hereinafter provided, eligible employees shall contribute, commencing July 1, 2004, and for the term of this Agreement, at the contribution rates set forth in Schedule B. If, during the term of this Agreement, eligible employees of CHHC who are not subject to a collective bargaining agreement receive a change in the contribution rates for the same elected coverage, CHHC may implement such change for

bargaining unit employees. If, during the term of this Agreement, CHHC negotiates a reduction in the contribution rates for employees covered under a different collective bargaining agreement, CHHC agrees that those same reduced contribution rates will be applied to the Technical Bargaining Unit. Contribution rates for bargaining unit employees pursuant to this Section may only be increased in response to carrier premium rate increases and in no event may an employee's proportionate share of the total premium for his or her elected coverage exceed the proportionate share that existed prior to the increase in contribution rate. CHHC shall give UNOCH thirty (30) calendar days prior written notice before implementing such change.

Section 1304. Health Insurance Benefits Liaison: Effective July 1, 2004 or within fourteen (14) calendar days following the effective date of this Agreement, whichever is later, there shall be one individual functioning as the UNOCH Health Insurance Benefits Liaison for both the Technical Bargaining Unit and the Registered Nurses Bargaining Unit. Such individual shall be selected by mutual agreement of UNOCH and CHHC from a pool of candidates from both units. The UNOCH Health Insurance Benefits Liaison position shall be compensated at the Liaison's appropriate base hourly rate (8 hour rate) for time spent performing liaison duties up to a maximum of 12 hours per week. The UNOCH Health Insurance Benefits Liaison shall bring issues relating to health insurance involving bargaining unit members to CHHC's Benefits Team Leader, and shall otherwise interact with such Team Leader relating to health insurance issues. The UNOCH Health Insurance Benefits Liaison and UNOCH Executive Director or designee will be invited to participate and provide input in meetings with the Hospital's insurance broker where annual plan premium adjustments and design are being discussed.

ARTICLE XIV **MEDICAL MALPRACTICE INSURANCE**

Section 1401. Coverage: CHHC carries medical malpractice insurance coverage which includes all employees in the Technical Bargaining Unit in its employ in the course and scope of employment, which includes provisions to defend and indemnify. CHHC will provide UNOCH with a copy of the current certificate of insurance and will maintain coverage at no less than current levels for the duration of this Agreement.

ARTICLE XV **PAID LEAVE**

Section 1501. Eligibility and Accrual: Paid leave benefits are provided in lieu of vacation and holiday pay, and can be utilized for either or both purposes. All Bargaining Unit employees who are regularly scheduled to work at least 40 hours per 14-day period shall be eligible to accrue paid leave on regular hours paid up to 80 hours per pay period as set forth below. Regular hours include regular day, evening or night work; paid leave and bereavement hours paid; and regular hours paid for work on holidays.

COMPLETED SERVICE	LENGTH OF	ACCRUAL / HR UP TO 80*	MAX HRS PER YEAR	MAXIMUM BALANCE
Under 5 years		.08846	184 hrs	340 hrs
5 years but less than 10 years		.10769	224 hrs	340 hrs
10 year or more		.12696	264 hrs	340 hrs
* per pay period				

Section 1502. Utilization of Paid Leave: The use of paid leave requires advance approval of the employee's immediate supervisor. Supervisors may deny use of paid leave when the department may be without adequate staffing, provided that any such denial is not inconsistent with current practice within the Individual Unit. In the first 90 days of employment, unearned paid leave may be granted, to a maximum of 24 hours, for hospital-observed holidays. The negative leave balance will be reduced as paid leave is earned. Paid leave will be paid out at the employee's base hourly rate (the employee's normal hourly pay rate exclusive of any bonus, differential, incentive, premium or on-call pay) at the time of utilization; provided that employees whose normal schedule includes overtime hours shall receive one and one-half their base hourly wage rate for paid leave hours which are utilized in place of overtime hours which the employee otherwise would have worked as part of their normal schedule.

Section 1503. Cash Out: Up to eighty (80) hours of paid leave may be cashed out once each year pursuant to the terms and conditions set forth in CHHC Policy No. 502. Paid leave will be cashed out at the employee's base hourly wage rate at the time of cash out; provided that employees whose normal schedule includes overtime hours shall receive one and one-half their base hourly wage rate of paid leave hours which they cash out which would have been paid at such rate had they taken leave pursuant to Section 1502 above. Paid leave cashed out at the time of termination will be cashed out at the employee's base hourly wage rate at the time of termination; provided that employees whose normal schedule includes overtime hours shall receive one and one-half their base hourly wage rate of paid leave hours which they cash out at the time of termination which would have been paid at such rate had they taken paid leave pursuant to Section 1502 above.

Section 1504. Conversion to Paid Leave Benefit: Should either party wish to propose a paid time off benefit in lieu of paid leave under this Article XV and sick leave under Article XVI, it may do so by written notice to the other party between April 1 and April 15 of each year of this Agreement. Upon such notification the parties shall meet to discuss a paid time off benefit. If the parties are unable to reach agreement as a result of these discussions by May 15 of the year in which notification is given, the discussions shall be terminated and the terms of Article XV and Article XVI shall remain unchanged.

ARTICLE XVI

SICK LEAVE

Section 1601. Eligibility and Accrual: All Bargaining Unit employees who are regularly scheduled to work at least 40 hours per 14-day pay period shall be eligible to accrue sick leave on regular hours paid up to 80 hours per pay period at the rate of .03462 per regular hour paid. Regular hours include regular day, evening or night work; paid leave and bereavement hours paid; and regular hours paid for work on holidays. The maximum balance of

accrued sick leave shall be 500 hours; no sick leave may be accrued by an employee who has a balance of 500 hours of accrued and unused sick leave.

Section 1602. Utilization of Sick Leave: Accrued sick leave hours must be used for time off due to personal or family illness, health care appointments, adoption proceedings and/or maternity or paternity leave. Employees shall advise their immediate supervisor of a necessary absence as soon as possible. Sick leave will be paid out at the employee's base hourly wage rate (the employee's normal hourly pay rate exclusive of any bonus, differential, incentive, premium or on-call pay) at the time of utilization; provided that employees whose normal schedule includes overtime hours shall receive one and one-half their base hourly wage rate for sick leave hours which are utilized in place of overtime hours which the employee otherwise would have worked as part of their normal schedule.

Section 1603. Coordination of Sick Leave With State Disability Insurance: If an employee's illness or disability for which sick leave is utilized continues for at least seven (7) consecutive (calendar) days or if hospitalization is necessary, the employee must apply for State Disability Insurance (SDI). Sick leave will then be used to supplement the benefit received from SDI at the rate of a minimum of 10 sick leave hours each pay period. When SDI benefits are exhausted, any remaining sick leave will be used if the employee is still unable to return to work.

Section 1604. Coordination of Sick Leave With Workers' Compensation Benefits: If an employee's injury or illness is work related, the employee must file a Personnel Injury and Investigation Report with Employee Health. If the employee cannot work due to the work related injury or illness, accrued sick leave will be used for the initial three (3) day waiting period following the injury/illness. Following the first three (3) days absence, sick leave will be coordinated with workers' compensation temporary disability payments received by the employee. A minimum of 10 sick leave hours will be supplemented each pay period. When sick leave benefits are depleted, paid leave will be used to coordinate with workers' compensation benefits.

Section 1605. Forfeiture of Sick Leave: Sick leave is forfeited upon termination of employment or transfer to a non-eligible position.

Section 1606. Conversion to Sick Leave Benefit: Should either party wish to propose a paid time off benefit in lieu of paid leave under Article XV and sick leave under this Article XVI, it may do so by written notice to the other party between April 1 and April 15 of each year of this Agreement. Upon such notification the parties shall meet to discuss a paid time off benefit. If the parties are unable to reach agreement as a result of these discussions by May 15 of the year in which notification is given, the discussions shall be terminated and the terms of Article XV and Article XVI shall remain unchanged.

ARTICLE XVII

BEREAVEMENT LEAVE

Section 1701. Eligibility: All Bargaining Unit employees who are regularly scheduled to work at least 40 hours per 14-day pay period shall be eligible to receive pay for up to three (3) scheduled work days for absences due to a death of their immediate family. In the event of a death occurring outside the state of California, the employee shall be eligible to receive pay for up to four (4) scheduled work days. For purposes of this Article XVII, “immediate family” includes the employee’s mother, father, step-parent, brother, sister, spouse, eligible domestic partner, children, (natural, adopted, or step-children), grandparents, grandchildren, mother-in-law or father-in-law.

Section 1702. Procedure: The paid leave provided by this Article XVII must be taken within a consecutive two week period from the first day taken following the death. The employee shall notify his or her supervisor of the family member’s death and the days that the employee would like to schedule the leave. If the employee wishes to be relieved from duty for more than the days specified in Section 1701 above, the employee shall be granted time off without pay, consistent with the efficient delivery of patient care and other clinical needs. The employee may utilize accrued paid leave for such additional days of absence.

ARTICLE XVIII

RETIREMENT

Section 1801. Continuation of Plans: Except as hereinafter provided, CHHC shall maintain, during the term of this Agreement, the defined benefit pension plan and the retirement savings plan that it had in effect on the effective date of this Agreement, or substantially equivalent plans. If, during the term of this Agreement, eligible employees of CHHC who are not subject to a collective bargaining agreement receive enhancements in either such plan, or a change resulting from legal requirements, CHHC may implement the same change for bargaining unit employees. CHHC shall give UNOCH thirty (30) calendar days prior written notice before implementing such change. The UNOCH Health Insurance Benefits Liaison and the UNOCH Executive Director or designee will be invited to participate in a plan redesign meeting prior to a final decision by CHHC regarding implementation of any such change.

Section 1802. Eligibility: The requirements for eligibility and participation in each such plan shall be governed by the terms of said plan.

ARTICLE XIX

EDUCATION

Section 1901. Tuition Assistance Program: All Bargaining Unit employees covered by this Agreement who are regularly scheduled to work at least 40 hours per 14-day pay period and who have at least 12 months of continuous employment at a satisfactory level of performance are eligible to apply for benefits under CHHC’s Tuition Assistance Program (TAP). The TAP reimburses eligible employees for job-related class fees which are approved in advance and completed at an accredited institution with a grade of C or better. The class must result in the

development of additional skills and/or knowledge relevant to the employee's current position. The TAP does not reimburse costs associated with conferences and seminars, and reimbursement will not be made to any employee who terminates employment prior to completing the class. Any eligible employee who wishes to receive TAP benefits must submit an application to his/her department manager, who will either approve or deny the application. The department manager shall approve said application unless good cause exists to disapprove.

Section 1902. Meeting and Training Time Pay: Bargaining Unit employees covered by this Agreement shall be compensated at their base hourly wage rate of pay for attendance at all work-related or work-sponsored meetings, training, lectures, seminars and programs when the employees are required to attend by CHHC. For purposes of this Section 1902, a meeting is a “required” meeting if attendance at the meeting is considered as part of the employee’s evaluation or if the employee is subject to discipline for non-attendance. Bargaining Unit employees covered by this Agreement shall not be compensated for voluntary attendance at meetings, training, lectures, seminars or programs where the employee’s attendance is not required by CHHC, including attendance necessary to maintain the employee’s RN license.

Section 1903. CHHC Sponsored Education: CHHC desires to provide all employees the opportunity to improve their skills and receive training which will allow them to advance within the organization. CHHC provides meetings, training, lectures, seminars and programs to employees, free of charge or for a nominal fee, for the purpose of preparing employees for advancement. Attendance at such educational opportunities is voluntary, and Bargaining Unit employees covered by the Agreement shall not be paid for their time spent in attending such education.

Section 1904. Licenses and Certifications:CHHC does not reimburse employees for costs or compensate employees for their time associated with obtaining or maintaining any license, certification, or registration, which is or becomes required for the position by law or by community standards. CHHC will continue to reimburse costs and compensate employees for their time associated with maintaining certifications that are mandated by CHHC in excess of those required by law or community standards, provided that when courses to maintain such certifications are offered at CHHC, the employee must attend the course at CHHC. In the event that a change in the law requires a previously non-licensed or non-certified or non-registered classification in the Bargaining Unit to acquire a license or certification or registration, CHHC will meet and confer with UNOCH regarding ways to facilitate compliance with such change in the law by affected current employees.

ARTICLE XX **SAVINGS CLAUSE**

Section 2001. Severability:If any provision of this Agreement is found to be in conflict with any federal or state laws, or rendered or declared illegal, the remaining provisions of the Agreement shall remain in full force and effect. In such event the parties shall meet and negotiate concerning a substitute provision.

ARTICLE XXI
UNIFORMS

Section 2101. Uniforms: Required uniforms shall be provided, and replaced as needed, by CHHC.

ARTICLE XXII
RESERVED

ARTICLE XXIII
FULL NEGOTIATIONS,
COMPLETE AGREEMENT AND WAIVER

Section 2301. Full Negotiations: CHHC and UNOCH acknowledge that during the negotiations which resulted in this Agreement, each party had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining and that the understandings and agreements arrived at by the parties after the exercise of their respective rights and opportunities are fully set forth in this Agreement.

Section 2302. Complete Agreement: Based upon Section 2301 of this Article, as well as the understandings and agreements expressly set forth in this Agreement, it is understood and agreed that this Agreement fully and completely sets forth all existing understandings and obligations between the parties, that it constitutes the entire agreement between the parties, and that it sets forth all of CHHC's responsibilities, duties and obligations to UNOCH and Bargaining Unit employees for the duration of this Agreement, and that there are no understandings or agreements by the parties which are not expressly set forth in this Agreement.

Section 2303. Waiver: CHHC and UNOCH, for the term of this Agreement, each voluntarily and unqualifiedly waive the right, and each agrees that the other shall not be obligated, to bargain collectively with respect to any subject, matter or practice involving the terms and conditions of employment of the Bargaining Unit, other than as specifically required by an express provision of this Agreement.

Section 2304. Policy Changes: CHHC will provide to UNOCH a copy of any changes to CHHC's written personnel policies, in advance of the time that such policies will be published and/or distributed, if those changes affect the wages, hours and terms and conditions of employment for members of the Technical Bargaining Unit represented by UNOCH. If requested, CHHC will meet with UNOCH to discuss those policy changes prior to implementation, provided that a request for such meeting occurs within seven (7) calendar days following notification and further provided that such meeting occurs within ten (10) calendar days following the request. The parties also agree that this meeting not only will allow prior input from UNOCH but also will provide UNOCH an opportunity to more fully understand the policy changes and thereby be better able to discuss those changes with its members. In cases of

emergency when CHHC determines that a policy change must be adopted immediately without prior notice or meeting with UNOCH, CHHC shall provide notice and opportunity to meet at the earliest possible time following adoption of the policy change. Changes to policy cannot conflict with the terms of this Agreement. This Section shall in no way affect the application, interpretation or enforceability of Section 1001 (Management Rights) of this Agreement, nor shall this Section be construed as imposing any bargaining obligation on the Employer.

ARTICLE XXIV **LABOR/MANAGEMENT COMMITTEE**

Section 2401. Labor/Management Committee: The parties shall maintain the Labor/Management Committee to be configured: three (3) UNOCH Technical Bargaining Unit members and three (3) Administrative members for a total membership of six (6), in addition to the Executive Director of UNOCH and the Vice-President of Inpatient Services and Nurse Executive, both of whom will co-chair the committee. The purpose of the Labor/Management Committee is to create and support a partnership between CHHC and UNOCH in order to proactively discuss and resolve issues of concern, reach common goals and communicate same to the CHHC organization. Individual personnel matters and matters which are subject to the grievance and arbitration procedure of this Agreement shall be excluded from such discussions. This Article shall in no way affect the application, interpretation or enforceability of Section 1001 (Management Rights) of this Agreement, nor shall this Article be construed as imposing any bargaining obligation on UNOCH or the Employer during the term of this Agreement. The Labor/Management Committee shall meet a minimum of once every three (3) months or at any other intervals mutually agreeable to the parties.

ARTICLE XXV **DURATION**

Section 2501. Term of Agreement: This Agreement shall remain in full force and effect from the date of its ratification through June 30, 2007. Either party may terminate this Agreement and cause it to expire at any time subsequent to June 30, 2007 by giving ninety (90) days written notice to the other party of its intention to amend, modify or terminate the Agreement upon the expiration of said ninety (90) days notice period.

SIGNATURES

IN WITNESS WHEREOF, the parties hereby have executed this Agreement on the date(s) set forth below:

**Children’s Hospital and
Health Center**

**United Nurses of Children’s Hospital
(UNOCH)**

LETTER OF UNDERSTANDING – 1

The following issues will be placed on the agenda for Labor/ Management Committee discussion:

1. Bulletin Boards
2. Recognition / Acceptance of UNOCH by CHHC
3. Evaluation of Management
4. Workplace Safety
5. Skills Qualifying for Career Ladder
6. Charge/Shift Leader Duties and Limitations
7. Medical Separation
8. Drug Policy

Additional items can be submitted to either a UNOCH or management member of the Labor/Management Committee.

The foregoing letter of understanding shall be deemed incorporated by reference in the July 1, 2004 through June 30, 2007 Collective Bargaining Agreement between the parties.

LETTER OF UNDERSTANDING – 2

During the term of this Agreement, the following benefits currently in effect shall not be reduced or eliminated for Bargaining Unit employees unless such reduction or elimination is an overall CHHC policy change affecting such benefits for Non-Bargaining Unit employees: cafeteria discounts, pharmacy discounts, and free parking.

The foregoing letter of understanding shall be deemed incorporated by reference in the July 1, 2004 through June 30, 2007 Collective Bargaining Agreement between the parties.
